

Remarks

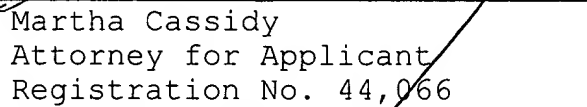

In response to the requirement for species election, Applicant elects the following species for initial examination:

- (a) ultraviolet light as the species of electromagnetic radiation used for the exposure;
- (b) radiation which can be focused in different planes as the species of radiation;
- (c) a reflection matrix as the species of illumination matrix; and
- (d) glass as the species of carrier surface.

Applicants request examination and favorable consideration of the pending claims at this time.

Respectfully submitted,

By
